

User Research Fundamentals

Diploma UX Design

Agenda

- Research goals and questions
- Interviews vs surveys
- Recruiting and consent
- Avoiding leading prompts
- Note-taking and synthesis

Interviews vs Surveys

- Interviews: depth, why/how, small N
- Surveys: breadth, what/how-many, larger N
- Choose based on decisions you need to make

Leading vs Neutral Prompts

- Leading: 'How easy was the checkout?'
- Neutral: 'Walk me through your last checkout—what stood out?'
- Practice neutral phrasing; avoid pushing answers

Synthesis (Affinity Mapping)

- Cluster notes into themes
- Label groups and derive insights
- Link insights to opportunities
